Shopping Tips From Your Credit Union

Buying a car is an exciting and often daunting task, especially if it's your first time. You may be overwhelmed by a variety of choices, from vehicles and features to dealerships and financing options. Fortunately, we can play a crucial role in simplifying the car buying process and ensuring that you get the best deal.

Determine your budget - Before you start shopping for a car, it's important to know how much you can afford to spend. Consider creating a budget that includes all of your expenses and savings goals. This will give you an idea of how much you can realistically afford to pay each month towards your car loan.

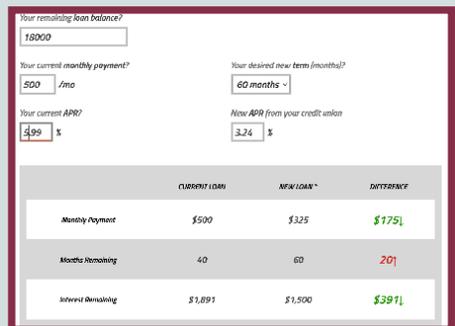

Research the type of car you want - Once you've established your budget, it's time to start researching different vehicles. Consider the type of car that will suit your lifestyle and needs. Look up expert reviews, ratings, and consumer feedback to narrow down your choices.

Get pre-approved for financing - Before you visit any dealership, talk to us to get pre-approved for an auto loan. This will give you an idea of how much you can afford to spend on a vehicle and can help you avoid any financing surprises. A pre-approval will also give you leverage in negotiating with the dealership when it comes to financing options.
